## Director of Housing Services

Sheffield | £120,801 market supplement possible for exceptional candidates

The spotlight on LA housing has never been sharper. We know it's a tough environment, but it is also hugely fulfilling, because you get to make a positive impact across thousands of lives. And in this case your influence will be felt right across a dynamic, diverse, and vibrant city. So, while this is big role (a portfolio of 40,000 homes) it is also a post where the value and potential of high-quality housing is very well understood and anchored within an ambitious strategic framework.

We seek a senior professional who brings extensive experience of housing or property management including repairs (or both) gained in either a LA or RP setting, with a track record of

delivery that includes turning around service quality, and importantly ensuring your residents, staff and other stakeholders are bought into making that journey.

The regulatory landscape is rightly shaped around safety and engagement. At Sheffield, you will find a Council that is focused on those things too. Not to earn a regulatory stamp of approval, but because they know those are the building blocks for affordable housing to be purposeful. If you share our rounded view of what housing can and should deliver, providing people with warm, safe, and high-quality homes; supporting communities and neighbourhoods to thrive and prosper; and ensuring there

is equity in access to opportunity and aspiration, then we would love to hear from you.

NOTE: Sheffield City Council are conducting a role review programme, which may result in changes to roles and grades from 2026. For more information, please read our [latest update](#).

## Board roles | London

### Chair | £15,000 pa

Prior Board experience is essential for this high-profile role. We seek a skilled Chair who can corral the energy and creativity of a diverse Board team. Relationship focused, with a style that engenders confidence, and a commitment that is rooted in making a real difference to communities.

### Chair of Finance & Investment Committee | £8,375 pa

Finance qualified or equivalent experience and has Board/Committee exposure. You will be ready to chair a committee that has skilled members, to ensure a focus on overall viability and investment plans, for a diverse and growing business.

### Board member | £6,000 pa

We are keen to attract someone who is looking for their first Board position. Connection to East London is key as we seek someone, whatever their professional or personal background, who wants to actively contribute to the success and sustainability of the community.

Poplar HARCA is a vibrant and dynamic organisation, and definitely no ordinary housing provider.

So, these Board roles are going to suit people who are comfortable with at times being uncomfortable. Challenging the status quo is a key part of the culture as is stretching risk appetite and thinking and working innovatively. But this isn't creativity just to be different, it is very much about a focus that is firmly rooted in purpose, impact, and outcomes.

For all three roles we do not wish to be prescriptive about your sector background. This is a Board that welcomes different perspectives, life experiences and where you can bring your whole self to the role.

We are keen to encourage applications from local people too. It is a collective leadership environment that is engaging, where all voices are heard and where challenge is welcomed.

We are trusted by our residents and communities as putting their needs and aspirations at the core of our decision making. So, if this sense of purposefulness appeals to you then do find out more.

## POLICY AND RESEARCH TEAM MANAGER

£42k-47k (subject to experience) + potential bonus to 10% and benefits package  
Central London/hybrid working

We are a management and recruitment consultancy focusing on social housing, care and support, health, sports and leisure, charities, central and local government. We are seeking a well organised researcher with excellent written and strong data skills to lead our small but growing research and policy team.

You will work with directors and senior consultants on a range of projects. These could include mini-research projects, developing best practice reports, analysing online surveys, reviewing population and performance data for trends.

If you're working in data and performance, research and/or policy, and looking to step up to management, we want to hear from you. You'll be a quick learner and tech-savvy, with a helpful manner and ability to produce quality work to deadlines. You'll have relevant experience in a professional or academic context. Demonstrable interest in social policy, government and the third sector is preferable.

We offer a supportive and collaborative working environment, the chance to work on a wide variety of projects, and a strong commitment to diversity

and inclusion. We'll give you the platform to make an impact and ensure your work is valued.

**Bids & Tenders Support Officer**  
**Circa £27 - £29k (plus up to 10% bonus)**  
**Farringdon, London (Hybrid)**

We are seeking a Bids & Tenders Support Officer for our busy practice. We deliver a wide range of management consultancy and recruitment services across the public and non-profit sectors.

You will be a key member of our team, involved in supporting bidding for consultancy projects in such areas as housing regeneration, housing strategy, care and support, mergers, transformation, growth and new business, service delivery and procurement, PR and communications, and community engagement. You will also contribute to bids in such areas as governance and strategy, HR, and recruitment. You will engage directly with all members of our Senior Team, as well as engaging closely with our Policy & Research Team, and our Marketing & Communications Team.

The ideal candidate will have strong administrative experience, a flexible attitude and willingness to adapt to changing demands. This is a friendly place to work: we place a high premium on being supportive, caring about work quality and rewarding success.
